

# Classic Backhouse

Frame manufactured with Eucalyptus hardwood timber

All components are made for easy replacement

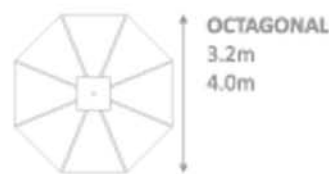

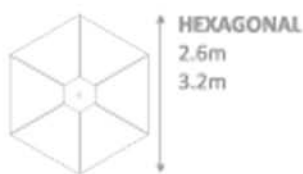

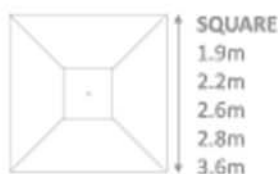

The "V" stye pocket is double layered and reinforced with PVC

All brackets are made of stainless steel for durability and long life

The concrete base is attractive and designed for portability

**LASTING STYLE** The Tradewinds Classic range of parasols have become the industry standard for high specification hardwood parasols. Refined over a period of more than 15 years, the Classic range of parasols are suited for corporate, private and promotional use.

**FINELY CRAFTED** Tradewinds parasols are crafted from Eucalyptus hardwood timber that is harvested from FSC certified renewable resources. The timber is factory treated to withstand harsh outdoor conditions. All fittings and fasteners are manufactured from high grade stainless steel. Product options are Classic Saligna (Eucalyptus Grandis) or Classic Karri (Eucalyptus Diversicolor).

**COLOUR OPTIONS** Tradewinds parasols are available in a wide variety of canvas colours.
