

Lizz Piero Lissoni with Carlo Tamborini

A chair with an ultra-streamline design, so representative of the minimalist and extremely elegant style created by Piero Lissoni. It is manufactured in one single piece using the gas-blowing technology. It has a squared contour, a wide seat and a low roomy backrest. It is extremely stable, and is shock-proof, scratch resistant and can withstand all weather conditions. It comes in a wide range of colours in a glossy version.

Glossy
