

# Partner Alberto Meda, Paolo Rizzatto

A system composed of an extruded aluminium structure and shelves in which "transparent plastic", offered in various colours, is adeptly combined with the cut aluminium plate. Thus the most is made of the various materials' aesthetic and functional characteristics in a poetic, novel and original ensemble. Partner is presented in three different fixed modules, ideal for most settings: as a bookcase for books and objects in the living room or bedroom, as bathroom furniture to be fitted with a practical towel-holder as desired, and as kitchen furniture. The practical flat-box packaging is a final feature of practical usage. Each shelf comes with two bookends.

**Materials**  
**Shelf:** batch-dyed SAN and anodized aluminium sheet (h. 3 cm)  
**Upright:** anodized drawn aluminium (h. 26/35 cm)  
**Feet:** anodized drawn aluminium (h. 16 cm)  
**Bookend:** SAN
